We need your help

During this time of pandemic and changing atmosphere, the Board of LACC is in the midst of looking at ways to reach our congregants more efficiently and safely! The Board is looking at creating an online streaming of our Sunday morning service for those that are unable to currently participate in our weekly service. This capability will also be available for use by our groups that utilize our facilities, like the Scouts BSA units for their Court of Honor and other meetings.

To accomplish this streaming process, LACC is in need of some additional equipment:

- A good telephoto streaming camera that can be controlled from the Sound Room and capture the video from the back of the Sanctuary;
- A good laptop that's sole purpose will be controlling the streaming activity;
- A controller to allow for remote adjustment of the camera (zoom, tilt and pan);
- Additional cables to control the camera and connect the laptop to the internet router.

To acquire these pieces of technology we need approximately \$3,000. If you would like to contribute to this endeavor it would be greatly appreciated. Please identify any funds you wish to contribute to the project with the words "A/V Streaming" in the memo line of your check or on the envelope containing your contribution.
